

Empilis® Stackable hinged storage boxes

Empilis boxes are great for organizing and storing small items. They can be stacked when empty, making them perfect for use in self-service. They come in different colours for easy organization of the contents. They are transparent, so it's easy to tell what they contain. There is an optional document window on the lid to accommodate tracking documents. They are made of PPCopo for high impact resistance.

	Length (mm)	Width (mm)	Height (mm)	Capacity (liters)
XL box	250	145	80	2,5
L box	125	80	80	0,6
S box	135	85	45	0,4
XS box	125	80	45	0,3

- Clear document window on the lid (optional, ref. 01276).
- The windows can be laser marked with barcodes, reference numbers or logos.
- When empty, they can be stacked to save space if used in self-service.
- The edges on the lids make them stable when stacked.
- There are holes on each side for security loops.
- Many colours to choose from:
