

# A client-oriented organisation

## A client-based approach in 9 procedures

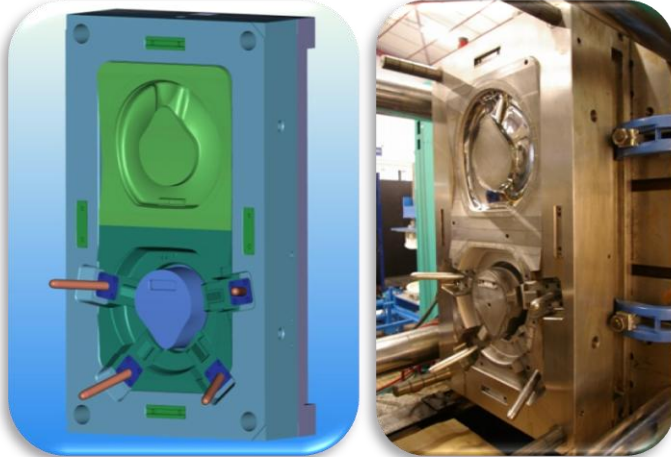

- Organisation into project teams,
- Value Management, FMEA, QAP, Supplier's Quality System
- From design to production, our expertise provides you with extra-innovative solutions

## Monitoring of tools

➤ 7 years of co-operation with our Chinese moulding partners now allow us to offer you tools that are:

- more technically advanced,
- less costly,
- faster.

## Design - Control & Production

### CAD

2 PRO ENGINEER stations, version WILD FIRE 3  
1 SOLID EDGE V17 station

### Control

1 3D ROMER control arm  
1 MINOLA spectroradiometer

| Production   | Tonnage | Mould passage (v x h) | Capacity (cm³) |
|--------------|---------|-----------------------|----------------|
| BORCH        | 800 T   | 970 x 970             | 3927           |
| BILLION      | 550 T   | 930 x 930             | 2863           |
| BILLION      | 320 T   | 735 x 735             | 1259           |
| BILLION      | 200 T   | 500 x 500             | 511            |
| KRAUS MAFFEI | 150 T   | 410 x 410             | 280            |
| BILLION      | 140 T   | 515 x 515             | 422            |
| BILLION      | 90 T    | 445 x 445             | 139            |
| DEMAG        | 50 T    | 355 x 355             | 94             |
